Carefree Independence

Leave behind the maintenance and burdens of home ownership. Carefree living at Okalee gives you time for the people you love and the things you love to do.

Social opportunities include events, educational opportunities, guest speakers on a variety of topics, trips and many others, chosen by the people who live here and directed by our activity professionals. Maybe you'll join a book club, card group or try beginning yoga. You can be as busy as you like, the choices are yours.

Assisted Living

Abundant conveniences and tailored care can be the extra help you need to maintain your independence. Assisted living services can be brought to any resident in any apartment, following a nurse assessment.

Three daily meals, housekeeping, linens, personal pendant call system for emergencies and vital signs checks are just a few of our reassuring services. Care staff is on site and a registered nurse is on call 24-hours daily.

Okalee Memory Care

Memory Care at Okalee is a welcoming living environment for people with memory loss. Residents can freely move about this entrance-controlled, barrier-free area. Each person enjoys a private suite and private bathroom. Certified staff receive comprehensive training and ongoing education each year. Staff learn each person's life story and interact with residents to understand their story each day.

Rehabilitation/Respite Care

When family caregivers need to be away, respite care is a short-term stay including a furnished apartment, all meals, tailored health services and access to all events and activities. Following a hospital stay, short-term rehabilitation can provide the extra care needed to rest and recuperate for a successful return home.
